VA702

8 ms response time

sRGB Color Management

HDTV

90° Wall Mount compliant

AutoTune™ Function

ViewSonic

LCD simplicity at its best.

ViewSonic's RELIABLE PERFORMER DELIVERS ON A PROMISE OF QUALITY STANDARDS like 300 nits of brightness and 500:1 contrast ratio for stunning, bright images. The VA702 features a 8ms video response time that produces crystal-clear graphics and HD-quality video for full brilliant, detailed color. SIMPLICITY IS EXECUTED THROUGH ITS CLEAN LINES, SLIM BEZEL AND MINIMALIST FOOTPRINT with a base designed to fold 90 degrees. The VESAR wall mount makes the VA702 an unobtrusive integration to any decor. Packed with a powerful OnViewR control interface, precise performance is always a priority in this extremely affordable package. The stylish VA702 LCD display is an ideal choice for SOHO, education and government users.

ClearMotiv™ II technology

Human vision allows images shown at 24 frames per second (fps) to be perceived as smooth motion video. Movies play at 24fps, analog TV at 30fps, and DTV ranges between 125 fps depending on HDTV format. ClearMotiv™ fast video-response technology allows frame rates up to 62.5fps for true broadcast quality full-motion video.

Ultra-Slim Bezel

The ultra-slim bezel makes more productive use of the screen area while minimizing the image gap in multidisplay applications for continuous data display which enhances the visual experience with clean, minimalist borders around the active image area.

AutoTune™ Function

Provides the best image by monitoring signals from the computer and automatically optimizing the monitor settings.

OSD / Power Lock Function

When activated, the user-controlled OSD/Power lock function prevents changes to monitor settings, maintaining an optimized image.

Best Service & Support

At ViewSonic, we are devoted to customer satisfaction. We strive constantly to understand your interests and concerns, and treat you with respect, courtesy and consideration. For the warranty information, please contact your local ViewSonic distributor or ViewSonic service center.
